

A collection of my favourite objects

What kind of objects do you like to collect?

If you are already a collector, you can create your own museum to showcase/present your collection.

Create your own museum inspired by the collection of the plank-shaped figurines exhibited in the Museum of Cycladic Art.

You are going to need some space; a corner in your living room will do. Collect some shoeboxes for your window displays. Give your museum a name.

You can even paint the boxes, create some windows and a door.

Use play-doh to create the guards and visitors.

Your museum is ready to welcome them!

Materials

- The items in your collection
- Shoe boxes
- Glue
 - Colors
- Play-doh
