

Hocus Pocus...

Lets transform!

Zeus has transformed into a white bull to abduct Europe.
Make your own mask and become any creature you want to be!

Materials

- A3 Colored Cardboard Sheets
- Glue sticks or liquid glue
- Scissors
- Craft materials such as pipe cleaners, pom poms, chopsticks, feathers, buttons, string, etc.
- Magazines, newspapers
- Liquid paint, oil pastels, markers, colored pencils

Instructions

Fold a piece of cardboard in half and use a pencil to draw a semicircle on the folded side. When you cut along the drawn line and open it up, a complete circle will be formed. Then create two holes for the eyes and cut pieces of cardboard into any desired shape and securely glue them onto the mask's surface. Paint the mask using your choice of materials and decorate it with various craft supplies. Finally, glue a stick to the bottom so you can hold it!

Once it's dry, you're ready to start the adventure!
